A100 September 2021 entry - Scoring

Fee status	Graduate/non-graduate	Minimum score to be guaranteed to be invited to interview* (out of 64)	Interview score to be made an offer** (out of 105) – NB: Offers may still be made to applicants on waiting list.
Home	Graduate applicants	57	85 and above (those scoring 84-79 were borderline group and did not guarantee an offer)
Home	Non-graduate applicants	57 for those with predicted A-levels	85 and above (those scoring 84-79 were borderline group and did not guarantee an offer)

Fee status	Graduate/non-graduate	Minimum score to be guaranteed to be invited to interview* (out of 64)	Interview score to be made an offer** (out of 105) – NB: Offers may still be made to applicants on waiting list.
EU/Overseas	Graduate applicants	57	85 and above (those scoring 84-79 were borderline group and did not guarantee an offer)
EU/Overseas	Non-graduate applicants	57 for those with predicted A-Levels	85 and above (those scoring 84-79 were borderline group and did not guarantee an offer)

Please note: graduate applicants were ranked separately from non-graduate applicants for invitation to interview purposes because of differences in the scoring system. However all applicants will be ranked together when looking at interview scores.

* The score listed is the lowest score required to be guaranteed to be invited to interview. There were some applicants who scored lower than this who were invited to interview. Those applicants were in a borderline group who had their application assessed in a tie-breaker situation. Please note: our scoring system can change every year, and as such, this score should in no way be deemed to be a minimum required every year to receive an invite to interview.

** The score listed is the lowest score required to get an offer. Some of those achieving this score may have been in a borderline group who had a breakdown of their interview performance assessed as well as referring back to their application in a tie-breaker situation, therefore not all applicants achieving this score will have been given an offer. Please note: our scoring system can change every year, and as such, this score should in no way be deemed to be a minimum required every year to receive an offer.

Contextual data is used to provide equal opportunity to applicants from all backgrounds on our A100 course in the following ways.

Applicants who applied with **achieved A-Levels grades** who met the entry requirements and had a UCAT score in the top 7 deciles were invited to interview. Those with a lower UCAT score were scored in the same way as candidates with predicted grades.

Applicants who successfully complete a Realising Opportunities Programme (ROP) or the Leicester Enhanced Access Programme (LEAP or Med-LEAP) were automatically invited to interview providing they met all our minimum requirements and had a UCAT score in the top 8 deciles. If successful at interview, these candidates may be made an adjusted offer of ABB at A-level.

Applicants who were in a borderline group pre-interview were assessed using the following contextual data:

- UCAT bursary flag
- POLAR 4 quintile 1 or 2
- Attended a non-selective state school for GCSEs which has an Attainment Score 8 below the national average for the 2018 cycle.
- Or Refugee status
- Or more than three months in local authority care,

as well as their whole UCAS application and UCAT result.

These contextual criteria will also be use for those in a borderline group post-interview.

Offers will be given in order of interview score and assessment of all aspects of the application, including the personal statement and reference.
